SUMMARY

Highly motivated Front-End Developer specializing in **React** to build responsive, user-centric web interfaces. Proven ability to translate complex designs into high-quality, maintainable code and collaborate effectively within agile teams. Passionate about leveraging modern web technologies and actively exploring **Generative AI** (e.g., **Flux**, **Stable Diffusion**) and automation tools (**n8n**) to enhance development workflows and create innovative web solutions. Possesses strong problem-solving abilities and excellent English communication skills.

TECHNICAL SKILLS

Core Technologies:	React, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Git/GitHub
State Mgmt & Libs:	Redux, Material UI, Bootstrap, Framer Motion, Nivo Charts, DnD Library, react-i18next, Axios
Back-End Exposure:	Node.js (Basic), Express (Basic), REST API Design & Integration
AI & Automation:	Generative AI (Flux, LoRA, Stable Diffusion), Prompt Engineering, n8n Workflow Automation
Development & Design:	Responsive Web Design, UI/UX Principles, Cross-Browser Compatibility, Data Visualization, Webpack
Other Tools:	Agile Methodologies, Adobe Photoshop

WORK EXPERIENCE

Front-End Developer (Remote)

Innovate Solutions Inc.

07/2024 – 03/2025

- Developed and maintained responsive, interactive user interfaces using **React**, Redux, and Tailwind CSS/Material UI.
- Collaborated closely with UX/UI designers and back-end engineers to translate requirements into functional features and seamless API integrations.
- Wrote clean, well-documented, and maintainable code adhering to best practices within an Agile development lifecycle.
- Utilized Git extensively for version control, including branching strategies, merging, and pull request workflows.

Front-End Developer (Freelance)

Upwork.com / Self-Employed

09/2022 – 08/2024

- Designed and developed custom websites and web applications for diverse clients using HTML, CSS, JavaScript, and Bootstrap.
- Translated client requirements and design mockups into functional, visually appealing, and responsive web solutions.
- Independently managed project lifecycles, client communication, expectation setting, and timely deliverables.

Customer Service Advocate

ServiceTitan

09/2021 – 08/2022

- Provided expert technical support for a complex B2B SaaS platform, significantly enhancing communication and technical problem-solving capabilities.
- Efficiently resolved customer issues across multiple channels (phone, email, chat), ensuring high customer satisfaction.

Project Management Intern

EKENG CJSC

09/2019 – 02/2020

- Supported project managers in research, documentation, and analysis tasks for national e-Government system initiatives.

PROJECTS

AI Realistic Portrait Generator

Technologies: **React**, **Next.js**, **TypeScript**, **Tailwind CSS**, **Node.js**, AI (Flux, LoRA)

- Built a full-stack web application allowing users to generate realistic portraits via **Flux AI model integration** and **LoRA fine-tuning**.
- Engineered the front-end interface with React/Next.js and Tailwind CSS; developed the back-end logic and API using Node.js.

Bonton AI Trading Dashboard

Technologies: **React**, Material UI, Nivo Charts, Lightweight Charts, REST APIs

- Implemented a dynamic and responsive UI for visualizing complex real-time trading data, integrating multiple financial data APIs to facilitate informed analysis.

ACA Team Project Task Management App

Technologies: **React**, Redux, Webpack, DnD Library

- Developed core UI components and enabled intuitive task organization through drag-and-drop functionality, utilizing React and Redux for state management.

Website for LilArt Photo Studio

Technologies: **React**, **Tailwind CSS**, Framer Motion, Responsive Design, react-i18next

- Constructed a visually engaging, multi-language portfolio website, providing a seamless responsive experience to effectively showcase photographic work across devices.

EDUCATION

Advanced JavaScript Bootcamp

Armenian Code Academy

Jun 2023 – Feb 2024

- Completed intensive, project-based training focused on Advanced JavaScript, **React**, Redux, Node.js fundamentals, and modern front-end development methodologies.

B.S. in Business

American University of Armenia

2017 – 2020

B.S. in Computer Science (Studies)

American University of Armenia

2014 – 2017

LANGUAGES

English: Full Professional Proficiency (C1/C2)

Russian: Native Proficiency

Armenian: Fluent Speaker
